iVision 7.0" HD DIGITAL MAGNIFIER

The super big *iVision 7"* HD is one of the new generation of **high definition** electronic magnifiers with an intelligent power saving design and new algorithms giving superior image quality. This advanced unit is full of useful features while still retaining its ease of use. The magnification range is 2X to 32X (infinity with distance viewing). This magnifier is a must for those needing a large reading area and greatly reduces eye strain. The *iVision 7.0* is also compatible with remote **Virtual Reality** glasses.

MZVD700
