

EZI VUE TV/SPECTACLES

Maximize the size of TV screens with the easiest-to-fit, binocular, telescopic distance system ever introduced.

These hands-free, head-mounted glasses provide 2.1x magnification AND can be adjusted so that each eye lens can be focused separately [± 3 dioptres], making the system adaptable to most people.

The glasses will focus on objects from distances of 3 m [10 feet] to infinity, and are perfect for watching TV, sporting events, movies, theatre, bird watching, or any other distance viewing activity in which a magnified image would be helpful.

- *Galilean designed offers a bright, wide field of view (20°) and 2.1x magnification*
- *Individually focusable objective lenses to compensate for +/- 3D of spherical correction or allow for adjustment of focal length from 10' (3.0m) to infinity*
- *Coated optics and flexible plastic temples allow for light weight (only 1.70 oz or 49 gm ounces!) with an extremely comfortable fit!*
- *Attractive, versatile and made from modern high tech materials, modern, hi-tech frame.*
- *Frosted objective lens housing eliminates distracting reflections*
- *Moulded bridge, with no sharp edges, makes the system comfortable to wear, for long periods of time*
- *Engineered for wearers with binocular PDs of 60mm to 68mm*
- *Protective, sturdy, zippered case included at no additional charge.*
- *Comes with a sturdy, protective and zippered case*
